Discover a welcoming new NDIS community where comfort, accessibility, and support come together — your new home awaits in Blacktown.

Thrive365 is proud to present a newly available SDA home in Blacktown, offering two purpose-built two-bedroom High Physical Support (HPS) Specialist Disability Accommodation (SDA) homes, each supported by 24/7 Supported Independent Living (SIL).

Thoughtfully designed for supported living, these modern homes bring together functionality, independence, and a warm, homely environment.

Each home has been carefully tailored to support daily living, featuring spacious interiors, private ensuites, wide doorways, ceiling hoist provisions, and accessible design throughout. The layout offers both privacy and shared living, making it ideal for participants seeking a balance of independence and connection within a smaller household setting.

Conveniently located in the heart of Blacktown, the property offers easy access to essential services and community amenities, including Blacktown Hospital, Blacktown Train Station, Westpoint Shopping Centre, and a range of local parks, community spaces, and allied health providers — all just a short distance away.

Beyond the home itself, the environment has been designed to feel safe, supportive, and genuinely welcoming—encouraging both independence and meaningful connection. At Raymond Street, support is at the centre of everything we do. Our experienced and compassionate team is trained in complex care and supported by Registered Nurses who provide ongoing clinical oversight and guidance.
